EDUC 207 Final Project – Due: Finals Week – Worth 75 Points Possible

For your final project, you need to choose one or more areas of development: physical, cognitive, socio-emotional and create a comprehensive 'project'. You have a lot of freedom here, so work with an area(s) that you are most interested in.

The project must be 'comprehensive' and show mastery of your chosen topic(s). I have some project options, but you are free to come up with something else if you choose – just let me know so we can ensure it's appropriate. You will share with your peers during our finals period.

General Guidelines For All Projects –

1. Must relate to specific area(s) of development
2. Must include an introduction and rationale
3. Must be comprehensive – show mastery of the topic(s)
4. Must have a specific audience and be appropriate for that audience
5. Must include at least 10 references
6. While I don't want to mandate a certain number of words or pages, you must make sure that this is a comprehensive project! I will set minimums for the different projects below. Every project should include between **1750 – 2000 words.**
7. Must be professional in all aspects.
8. Must be technically and grammatically correct – PROOFREAD several times before submission.
9. Grades of A and B will only be given to EXCELLENT projects – projects that I would be willing to give to my principal friend as a resource. You have a lot of time to work with this – you are very creative! I expect excellence here for high grades. Adequate projects will receive a grade of C.

Some Project Options –

- **Website**: 5 – 7 pages. Must include graphics and hotlinks. Presentation and ease of use is very important.
- **Informational Guides**: For parents, students, teachers, general public. 6 – 7 page minimum. Must include graphics and resources (names of organizations/websites). Format: electronic OR hardcopy.
- **Research Paper**: 7 page minimum double-spaced body. Must include a title and reference page.
- **Series of Informational Handouts**: 5 – 7 individual handout minimum, each featuring a specific topic or subtopic. Must include graphics and resources (names of organizations/websites). Format: electronic OR hardcopy.
- **Teacher's Guide to Using _____ In the Classroom**. 6 – 7 pages with specific examples for teachers. Helpful websites are also required. Format: electronic OR hardcopy.
- **Series of Podcasts** – One or more than one podcast covering material from 6 – 7 pages of text.
- **Set of Developmental Classroom Activities** – At least 5 creative and complete developmental activities for specific age group(s). All materials required for each activity must be included.
